RECREATIONAL KAYAKS

SF-1003-BLU
BLUE

SF-1003-ORG
ORANGE

The SUNLIGHT 8.8 sit on top kayak was designed for fun-loving paddlers.

Polyethylene blow molding production process makes it super light weight and its length makes it relatively fast and extremely efficient.

The rocker profile and lifted bow ensures that it is maneuverable and easily punches through the water.

It comes with a padded backrest and sailing self-storage hatch for added storage beneath the deck, rear with cargo net cover, bow storage area with bungee cords.

The stackable design make it easy to store your kayak for next summer.

LENGTH	WIDTH	DEPTH	MAX. RIDER	WEIGHT	MAX. PAYLOAD
267CM	69CM	24CM	1	17.6KG	125KGS

Code: SF-1003

SUNLIGHT 8.8 (BNA088)

- UV-protected high-density polyethylene construction
- front toggle handle and molded-in side handles for easy transport
- front and rear tankwell with bungee for storage
- sealed storage with fishing bracket positions (fishing rod holders sold separately)
- built-in front self-bailing cup holder
- built in padded seat provides comfort and fold-down convenience
- molded-in freedom footwells for comfort and secure foot bracing
- easy roll skeg wheel for enhanced tracking and easy transportation
- self-bailing scupper holes to drain water from the hull
- hull design provides ultra stability and great tracking
- includes two bladed paddle

RECREATIONAL KAYAKS

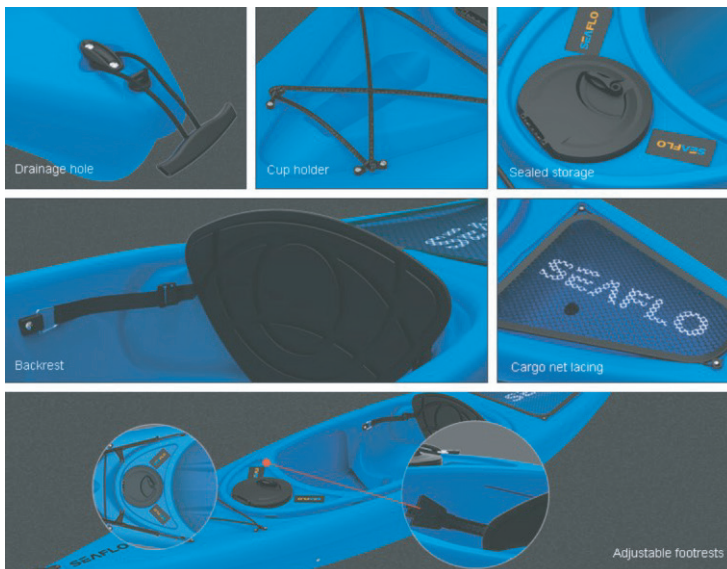

SF-1004-BLU
BLUE

Go mobile on the water with the DISCOVERY 10, a great starter sit in recreational kayak to help you fall in love with the sport.

The stable DISCOVERY 10 includes an adjustable padded backrest with seat cushion, front storage hatch and rear storage platform with cargo net, and more.

Weighing only 18.4kgs, the DISCOVERY 10 is as easy to transport as it is to paddle.

LENGTH	WIDTH	DEPTH	MAX. RIDER	WEIGHT	MAX. PAYLOAD
303CM	73.5CM	32CM	1	18.4KG	127KGS

Code: SF-1004

DISCOVERY 10 (BXA100)

- UV-protected high-density polyethylene construction
- front and rear toggle handle
- sealed storage with fishing bracket positions (fishing rod holders sold separately)
- rear tankwell with cargo net lacing for storage
- built-in front cup holder
- built in seat provides comfort and fold-down convenience
- adjustable footrests for comfort and secure foot bracing
- self-bailing scupper holes to drain water from the hull
- hull design provides ultra stability and great tracking
- includes two bladed paddle

FISHING KAYAKS

SF-1007-GRY
GREY

The TUNA 10 fishing kayak is durable and designed to accommodate you as your fishing gear.

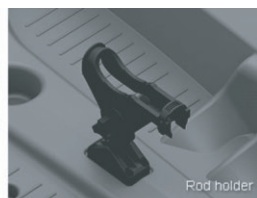

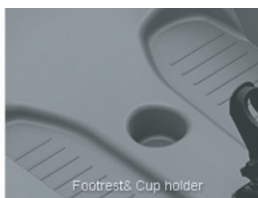

Sit-on-top style with foldable backrest and especially the foot area design make you feel comfortable either sitting or standing on the boat. 2 Flush rod holders, 1 adjustable rod holder, and 2 deck mount mounting brackets make fishing convenient.

LENGTH	WIDTH	DEPTH	MAX. RIDER	WEIGHT	MAX. PAYLOAD
305CM	81CM	32CM	1	21.9KG	130KGS

Code: SF-1007

TUNA 10 (BFA100)

- UV-protected high-density polyethylene construction
- front and rear toggle handle
- sit-on-top style with foldable backrest and especially the foot area design make you feel comfortable either sitting or standing on the boat
- 2 Flush rod holders, 1 adjustable rod holder, and 2 deck mount mounting brackets make fishing convenient
- multiple sealing storage areas with one at the front and the other one at the rear, providing plenty of space to keep your gear secure
- two secure paddle rests prevent paddle from falling overboard when not in use
- tail wheel and multiple carrying handles for easy transport
- includes two bladed paddle

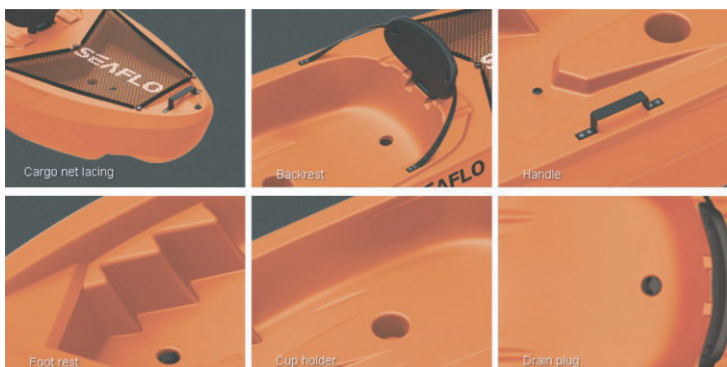

TANDEM KAYAKS

SF-2003-ORG
ORANGE

The ORBIT 12 sit on top kayak was designed for fun-loving paddlers. Polyethylene blow molding production process makes it super light weight for a tandem kayak. The rocker profile and lifted bow ensures that it is maneuverable and easily punches through the water. It comes with padded backrests and rear with cargo net cover. The stackable design make it easy to store your kayak for next summer.

ROOF RACKS

Code: SF-RR003

SOFT ROOF RACKS

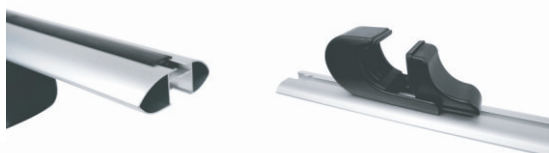

- easy to fit roof rack, supplied with handy storage bag to pack away in vehicle boot
- includes 2 extra securing straps
- fits most cars with 2 or 4 doors
- durable nylon + PE foam
- 60kg carrying capacity
- soft rack size: 86.5 x 12 x 6cm

Code: SF-RR004

TRAVELLER SOFT RACKS

- SEAFLO Traveller soft racks are a quick and easy way to get your kayaks or SUP's on the roof and off to your favorite destination
- easy to fit roof rack with velcro adjustable straps
- includes 2 extra securing straps
- fits most cars with 2 or 4 doors
- durable nylon + PE foam + PVC leather
- 60kg carrying capacity
- soft rack size: 88 x 17.5 x 4.5cm

Code: SFCBC-01

AERO RAIL BARS

- the lightweight aluminium roof bars are easy to fit and suitable for many vehicles with fitted roof rails
- adjustable width fits car with side rails 120cm or less apart
- wing-like shape to reduce drag
- with anti theft lock
- includes rubber strip for extra grip
- 75kg carrying capacity
- bar size: 135 x 6.6 x 10.2cm

KAYAK TROLLEYS

NEW

Code: SF-TR05

KAYAK TROLLEY

- roll over the ground before gliding into the water
- make it easy to take your canoe or kayak on an incline, rough and uneven surface
- the kickstand easily folds down to stabilize while loading or unloading your kayak
- durable high-quality aluminum construction
- the trolley can be folded, the pneumatic wheels easily taken off, and easily stowed
- 80kg carrying capacity

ACCESSORIES

Code: SF-RL001

PADDLE & ROD LEASH

- lightweight paddle leash with a low profile for easy use
- ideal for sea kayaking and fish kayaking
- the paddle never leaves your side
- durable nylon material
- stretch length: 51 - 114cm

Code: SF-RH003

FLUSH ROD HOLDER

- install on your kayak to help position your rod more naturally
- it's lightweight, portable, and easy to install
- made of polyamide and fiberglass material, this rod holder is strong and durable
- it comes with a cap cover with a rubber base gasket to keep the water out when not in use
- hole depth: 22.5 cm
- tilt angle: 60°
- rod holder inner diameter: 42mm

Code: SF-RH002

ADJUSTABLE ROD HOLDER

- let the Seaflo adjustable rod holder hold your rod for you
- it supports 360° rotation, so you can freely change direction
- you don't have to worry about your losing rod as the fixing band will firmly and securely hold it
- mount it on your kayak now, and relieve the tedious task of holding your rod while you wait for a bite
- material: polyamide + fiberglass
- base size: 10x5.1 cm
- base screw hole distance: 8.1x3.3 cm
- rod holder inner diameter: 33mm
